MORGAN-ISMS

Each day, at the bottom of Page 1, The Bulletin carries a little gem of "wisdom" from the lips of Frank Morgan, comedy star of screen, stage and radio. He says what most of us feel. So let's learn the gregarious Morgan's opinions on matters of the day.

PRICE 5 CENTS

18 PAGES

BADLY SCARED TOTS SAFE

NIGHT OF TERROR for little tots ended 8:15 Sunday morning when Judy LeBlanc, 5, and her 6-year-old brother Wayne, were found locked in rear of bakery when one block from their home after being missing since early Saturday. The youngsters were "playing baker" in the back of the wagon when another youngster slammed the doors, trapping the LeBlanc tots inside. The object of a night-long search, the kiddies were badly chilled and swollen from cold, but recuperated quickly once returned home.

Czech Reds Making Bid For Power

By A. I. GOLDBERG
PRAGUE, Feb. 23.—(AP)—Communists bidding for supreme power put their security police today before all Czechoslovak government buildings and foreign embassies was at least partly stifled. Headquarters of the Czech National Socialist Party, one of three interior ministry reported tonight it had discovered that the National Socialist Party was preparing a military march, which withdrew Friday from the government coalition, were being pulled away from sub-machine guns and rifles. Czechoslovak nationals virtually were from inside the country by an interior ministry order requiring all citizens to appear on radio for stamps of approval on radio stamps.
ARMED REDS' FOLLOWS
 Police, directed by Communist head of the interior ministry, arrested suitable lists of Communists.
 Dr. Zdenek Marjansk, justice minister, who said a Communist who involved in the performance of sub-machine gun training three ministers, was taken to the interior ministry. Marjansk, secretary general of the National Socialist party, who directed investigations, was ordered the bomb plot. They seized Zdenek Urb, president of the Medical Students Union, and Jiri Frank, former head of the engineers' union.
 The display of arms was the first since the political crisis started Friday night with the resignation of 15 anti-Communist ministers.

CANCER SUFFERERS AUSTRALIA-BOUND

Victims of Dread Disease Wing Way to New Hope

VANCOUVER, Feb. 23.—(CP)—Battered by stories of a miraculous cancer cure, two Vancouver mothers, victims of the dread disease, are flying today to Australia.
 Mrs. Jack Northam, 36, mother of two daughters, and Mrs. Ruth McIntyre, 33, who has a three-year-old son, left here last night for Sydney, where they are bound for Sydney, the home of 16-year-old John Braund, a leprosy sufferer who is reported to have developed a secret formula, which he intends to use on the dread disease.

What Am I Saying? By Frank Morgan
 The man who doesn't know his own mind hasn't missed much. Which brings me to observe that the man who is always giving others a piece of his mind usually has little to spare.
 (Copyright, 1948, New York Post Corporation)

traillan National Airways plane, flying via Oakland, Calif., and Los Angeles, will arrive in Sydney in six weeks, news wires.
 \$10,000 fund, sponsored by a branch of the Canadian Legion, is financing the trip for Mrs. Northam. Mrs. McIntyre's flight is privately financed.
GO TIT FINANCED
 "I've got it financed," her husband said. "What it costs doesn't matter."
 The children of the two mothers yesterday placed the plane from sight. "Mommy's gone to the airplane," said three-year-old Barbara Ann McIntyre. "I'm going to play for her."
 Braund is reported to have 1,000 cases waiting for his attention but has said he will do his best to "live in the Canadian."

Rest of Night Safe as Looted: Thieves Get \$1,600 Cash

Casey Sworn In As Atla. Minister Of Education

Succeeds Ousted R. Earl Ansley In Provincial Cabinet
 Ivan Casey, Social Credit member of the Alberta legislature for Okotoks-High River, was sworn in as minister of education this afternoon by Lieutenant-Governor J. C. Bowen.
 Casey succeeds R. Earl Ansley, who was ousted from the Manning government on Saturday, along with L. D. Byrne, deputy minister of economic affairs.
 H. A. Webster of Calgary became acting deputy minister of economic affairs today, pending return of Hon. A. J. Hooke, department minister, who is now in England.

Resignations Bring Varied Viewpoints

OTTAWA, Feb. 23.—(CP)—Varying viewpoints emerged today as the 13 Alberta Social Credit members of the Commons studied news reports from Edmonton on the resignation of R. E. Ansley, educational minister, and L. D. Byrne, deputy minister of economic development in the Alberta government.
 The resignations, handed in at the request of Premier Ernest Manning, aroused speculation in the Commons as to whether it heralded the first open break in the "Manning and Douglass" faction in the Social Credit party.
 While Solon Low, party leader in the Commons, said here today that the resignations came like a bolt out of the blue to him, other members of the party did not appear to be surprised.

Quash Conviction On Murder Count

OTTAWA, Feb. 23.—(CP)—The Supreme Court of Canada today quashed the conviction of W. R. F. Henderson, 38, of Vancouver, charged with the murder of and ordered a new trial.
 Henderson was jointly indicted with Harry Medos, also of Vancouver, for the murder of Charles Boyce, a police officer, in a gun battle on the streets of Vancouver in 1936. Henderson was acquitted on appeal to the Dominion's highest court after a supreme court of British Columbia jury convicted him. Justice Macmillan sentenced Henderson to hang last April 27. The majority of the B.C. appeal court had upheld the conviction.

IN NEW BUDGET

Fairly Heavy Tax Cuts Hinted by Some MP's

By D'Arcy O'Donnell
OTTAWA, Feb. 23.—(CP)—Liberal members of the Commons have not been given an indication as to when Finance Minister Abbott will bring down his budget for the 1948-49 fiscal year, but many suggest publicly and privately fairly heavy tax cuts.
 ONE, HOWEVER, said he was told that Mr. Abbott will make his announcement speech about the same time as last April 28.
 Details of the budget are not discussed with party membership at large, but it is known that cabinet studies suggestions for tax cuts advanced by members. Several have urged that income tax exemptions be raised and that the right-of-preference rule be eliminated on essential items.
GENERAL FEELING among opposition members is that the government will make a "big" move in the budget.

50 Die, 68 Are Injured In 3 Travel Disasters

PARIS, Feb. 23.—(CP)—Winter weather was blamed today for three week-end accidents ranging from the English channel to Switzerland, in which 50 persons were killed and 68 others injured. A bus, a plane and a train were involved in the disasters.
 Off Cherbourg, on the French channel coast, a 3-ton, 10-passenger, six-engine flying boat, the Lasecote 63, plunged into the sea late Saturday and police said there were 50 dead and 19 aboard.
 One body washed ashore was identified as that of Hector Fourie, a 48-year-old French aviation official.

Jerusalem Virtually Paralyzed

By JAMES M. LONG
JERUSALEM, Feb. 23.—(AP)—Jerusalem was virtually paralyzed today as gunshots, carrying Arab, Britons and Jews patrolled a city made bitter and tense by yesterday's bombing of the Jewish sector, in which at least 52 persons died.
 House workers dreading at the wreckage of two hotels, three apartment houses and scores of shops, hurried to the Yehuda street, estimated nine more persons killed. At least 30 others were injured. At least 100 have been hurt by the shelling, which has been going on since yesterday morning. Mr. Casey said he had no word of his appointment. He conferred with the premier and deputy minister of education, and then he was to go to the office appointment was announced.

Former Edmonton Woman Is Killed

ATLANTA, Ga., Feb. 23.—(AP)—Mrs. James M. Ackerman, 42, and her daughter, Betty, 17, were killed by a car Saturday night.
 They had just left the First Seventh Day Adventist church and on their way to catch a bus, crossed a street in a building.
 The bus driver told police he saw the women running across the street and slowed to miss them. As he turned, the women jumped back and the bus hit them.
 Elder James J. Ackerman, missionary secretary and educational superintendent of the Seventh Day Adventists here, was in Atlanta, Ga., at the time his wife and daughter were killed.
 R. H. Palmer, 10000 12th street, received word of the death of Mrs. Ackerman today. Mrs. Ackerman left Edmonton in 1944 and previous to that time, Miss Ackerman also lived in Edmonton. She had attended public schools in this city.
 Mrs. Albert T. Lacombe, Alta., Mrs. Scott Sanderson of Platteau, Sask., and Mrs. John F. H. of Toronto, are sisters of Mrs. Ackerman.

"NEW LOOK" IRKS LADY MP

LONDON, Feb. 23.—(BUP)—Mrs. Mabel Hildesley, a grand-niece and Labor member of parliament, said today she would carry her fight against the "new look" to the floor of the house of commons.
 Describing butties and full-skirted skirts as "ridiculous and stupidly exaggerated," Mrs. Hildesley said:
 "British women are being pushed around by 'new look' and it is high time someone did about it."
 She said she would ask president of the House of Commons, Harold Wilson, during a question period in commons, to control the manufacture of long-skirted and other "new look" fashions on grounds long-winded "can afford the coupon, no less the price."
 Wilson already has declared longer skirts as a waste of material and manpower.

Threaten to Blast London Building

LONDON, Feb. 23.—(BUP)—An anonymous caller warned the occupants of an apartment house in Westminster that it would be blown up in three hours.
 Scotland Yard officers raced to the building from the nearby Cannon Row police station were reported to have found a 12-inch long candy box with wires and batteries attached behind a letter box in a hallway.

Father and Son Fall to Deaths

NEW YORK, Feb. 23.—(AP)—Locked in struggle, Rossi Lefkowitz, 40, and his 19-year-old son, Felix, fell to death under a train from a midtown subway station last night.
 Police quoted the son as saying he was under a "1" pipe-station father's no good when he fell, he held on to me and I fell with him.
 The father died instantly. The son's leg was mangled and he was amputated before he died in hospital.
 Witnesses told of hearing father and son arguing at the edge of the platform, but the son said he was not involved in the plunge the son said "I'm going to die."
 The cause of the fatal argument was not known.

Job Said 'Crude' By City Police

Safecrackers who punched the safe at the American Dairy Lunch, 102 street and Jasper, made off with \$1800 in cash and cheques Sunday night.
 In what was described as a "crude job," the safecrackers knocked the dial off the safe, punched the spindle and gained their entry.
 They got \$1,642.40 cash, and \$216.05 in cheques. Owners Harry Lingas, George and Chris Spillio said the break occurred sometime after 3:30 Sunday afternoon. It was discovered at midnight by a cafe employee.
 Entry to the building was made through the rear where an iron bar was used to pry the door.
 This was Edmonton's second large safe job in three weeks, over \$600 being stolen in a cracking at Varsity Tuck Shop on February 8.
 On September ninth, 1940, the American Dairy Lunch was robbed of \$1,000 when two armed thugs held up the night baker, Otto Kornath. Kornath was the man that discovered the safe broken into this Sunday.
 Monday police were carrying out investigations, taking pictures and searching for fingerprints.

ALSO INDIAN ABUSES To Probe "Fix" Claim For Senior Position

OTTAWA, Feb. 23.—When the Indian affairs committee this week begins investigating charges that departmental executives tried to "fix" a senior position for Mines Minister Glen's Secretary, W. J. "Ford" Pratt, it will also be asked to look into alleged irregularities in the handling of Indian affairs in the Lesser Slave Lake district.
 The committee, headed by Justice Harcourt, Progressive Conservative MP for Calgary, has received word from Paul Bourde, of Calgary, secretary of the Indian Association of Alberta, that the government officials who have been in the Indian Affairs of Lesser Slave Lake district have been "fixed" for the position.
 It was Mr. Bourde who first charged the "fix" was to make Mr. Pratt general superintendent of Indian Affairs, and the Ottawa Journal then unearthed quoted a statement from government officials which has found Mr. Glen's secretary lacked even "minimum qualifications" for the position and recommended other appointments.
 The committee, Mr. Glen told the House of Commons, clearly indicated a "breach of confidence" under the official secret act.
 For Mr. Glen and his department have been unable to put their hands on the records of the main tests of the board's reports "available" to the Ottawa Veterans.

DOUBLE-BARRELED PROBE

Since the 1941 charges concerning treatment of Lesser Slave Indians both come under the Indian Affairs branch of the mines department, Mr. Harcourt plans to make it a double-barreled probe before the special Commons committee.
 It was understood that irregularities in the Lesser Slave district involved the Indian Affairs branch and the mines department, and the committee will make it a double-barreled probe before the special Commons committee.
Father and Son Fall to Deaths
NEW YORK, Feb. 23.—(AP)—Locked in struggle, Rossi Lefkowitz, 40, and his 19-year-old son, Felix, fell to death under a train from a midtown subway station last night.
 Police quoted the son as saying he was under a "1" pipe-station father's no good when he fell, he held on to me and I fell with him.
 The father died instantly. The son's leg was mangled and he was amputated before he died in hospital.
 Witnesses told of hearing father and son arguing at the edge of the platform, but the son said he was not involved in the plunge the son said "I'm going to die."

Air of Uncertainty Hangs Over Parley

LONDON, Feb. 23.—(Reuters)—An air of uncertainty as to purpose and scope hangs over the three-power conference on the future of Germany which opens today.

Recent official pronouncements from London and Washington have made it plain that this conference is not on the ambassadorial level, will not make final decisions, but will be a preliminary step back to the governments concerned.

There is reason to believe that the French government wishes to see their scope widened to include a re-examination of the policy in Germany in general and not confined to the details of zonal administration in the west.

INHIBITED BY UNCERTAINTY
Meanwhile, Great Britain, France and the United States found themselves inhibited by uncertainty on the basic question whether to reorganize western Germany without Russian co-operation, and this possibility made final the breach in (top-power government).

Not a decision on the possibility to restore the Soviet Union, on the possibility of a trial fusion of the west, but the question of the future international control of the Ruhr, also on the agenda, runs a close course before the conference is begun.

In these various questions, it has been made as plain as the sun in the sky that the Anglo-American position, remains the most important topic likely to be discussed.

MOLOTOV MAKES U.S. WHO'S WHO

CHICAGO, Feb. 23.—(AP)—Vyacheslav Molotov, Russian foreign minister, appeared in Who's Who in America today for the first time.

So did Frank Sinatra, Roy Huddell, the late Mohandeh Ghandi, Frank Leahy, Notre Dame football coach, and about 2,400 others.

Out of the directory of prominent Americans or well-known non-residents marched 1,429 former United States Army and Navy brass who were reduced in rank after the war ended. On the basis of rank alone, the directory lists 1,429 below brigadier-generals and 2,400 others.

Who's Who gets bigger every year, but that doesn't boost the size of getting your name in it. In 1947, it had 1,429 pages, since the first was published 50 years ago, only about three in each 10,000 of the country's population have made the grade.

The new issue for 1948-49 contains 2,562,472 words, 1,429 pages, 2,562 pages and 41,334 listings.

Reds Seek Power

(Continued from Page One)

From the coalition of Premier Klement Gottwald, a Communist, President Eduard Benes was trying to convene to save the situation.

These officials said they have no doubt that the Kremlin is directing the political strategy of Czechoslovakia's Communist Premier, Klement Gottwald.

This, in the official American view, fits into the general pattern of expanding Communist power in Poland and the Balkan countries.

The Czechs traditionally and deliberately have been friendly to the Russians. This national policy has long respected both by opposition political leaders and by the press.

Accordingly, the tense situation in Prague may disclose in a matter of weeks if not days how far the Communist leaders are willing to go in smashing their critics, liquidating opposition parties and taking over the machinery of government.

Information which has been flowing into the state department indicates that the Communists began some time ago to try to take over the Czech police force. Trusted agents of the Reds were working in the last few days. Gottwald secured him and the 11 other ministers of the government of "agents of foreign reaction."

The position of President Benes became ever more difficult. He was being forced to turn over to the Communists the police and the army.

Benes has been under personal pressure from Gottwald. Delegates of workers have demanded that he declare the anti-Communist policy of the government.

In this situation the opposition leaders Friday pulled out of the government.

They said it should not be interpreted as any effort to break the power of the Communists, but rather as a desperate move to prevent the Communists from taking over all power in Czechoslovakia.

They said it should not be interpreted as any effort to break the power of the Communists, but rather as a desperate move to prevent the Communists from taking over all power in Czechoslovakia.

Czech Crisis Viewed Part of Red Expansion

WASHINGTON, Feb. 23.—(AP)—The political crisis in Czechoslovakia was viewed by top American diplomatic authorities today as the outgrowth of a carefully planned effort by Moscow to complete the Communist domination of Eastern Europe.

These officials said they have no doubt that the Kremlin is directing the political strategy of Czechoslovakia's Communist Premier, Klement Gottwald.

This, in the official American view, fits into the general pattern of expanding Communist power in Poland and the Balkan countries.

The Czechs traditionally and deliberately have been friendly to the Russians. This national policy has long respected both by opposition political leaders and by the press.

Jerusalem

(Continued from Page One)

That British troops were somehow responsible. Nine British soldiers were killed in retaliatory gun fighting after the explosion and three Jews lost their lives. The death toll rose to 14 when a shot at 44.

One of the dead Britons was identified as P. L. Graham Douglas, Col. 28, nephew of Col. A. N. Jones of Halifax. Col. Jones was a member of the RAF regiment stationed here.

Streets were smothered and a triple guard stood duty at British security zones and at vital administrative and military buildings.

Jews strengthened their own barred-wire and cement-block barricades.

OUT OF BOUNDS
All Jewish sections of the city were ordered out of bounds to troops. Jews warned even British soldiers to stay out of the zone.

Such action, the convention said, would reduce Canada's "dependence on the United States."

The meeting protested action of the Quebec provincial party in its looking the pocket law of 1937 against the British Commonwealth.

Later in the day five British soldiers were killed and six injured when a mine shattered their army truck.

Protest New Tax Forms for Farmers

PORTAGE LA PRAIRIE, Man. Feb. 23.—(CP)—Protest against the Dominion government's new income tax form for prairie farmers were expressed at a week-end meeting of the co-ordinating council of local co-operatives.

The meeting claimed the form is too long and complicated, that farmers would have to pay much legal fees to have them made out locally and that Eastern farmers are not asked to submit them.

Information which has been flowing into the state department indicates that the Communists began some time ago to try to take over the Czech police force. Trusted agents of the Reds were working in the last few days. Gottwald secured him and the 11 other ministers of the government of "agents of foreign reaction."

The position of President Benes became ever more difficult. He was being forced to turn over to the Communists the police and the army.

Benes has been under personal pressure from Gottwald. Delegates of workers have demanded that he declare the anti-Communist policy of the government.

In this situation the opposition leaders Friday pulled out of the government.

They said it should not be interpreted as any effort to break the power of the Communists, but rather as a desperate move to prevent the Communists from taking over all power in Czechoslovakia.

Attack Canadian Director Hot Fight Develops On Communism Issue

By Chester Bloom
Edmonton Bulletin Ottawa Bureau

OTTAWA, Ont., Feb. 23.—The Toronto Globe and Mail this morning reported a hot fight at the Saturday session of the Ontario Federation of the Canadian Congress of Labor on the issue of Communism. The Mine, Mill and Smelter Workers' union, a redoubtable force in the labor movement, was the only union which supported the resolution. The resolution was used, says the Globe and Mail report, as a peg on which to attack C. H. Millard, Canadian director of the Steel Workers of America.

Millard was attacked because of his public statement that Communist labor leaders from the United States should not cross the Canadian border to intervene in mine, mill and smelter workers' strikes in Canada. A hot exchange resulted between the mine union and the steel directors, according to the report. George Harris, secretary-treasurer of the electrical workers' union, also attacked Mr. Millard.

ADVOCATES MERGER
Cleve Kidd, research director of the steel union, advised merging of the mine workers into the steel union, Murray Collier, president of the Toronto Labor Council, declared in favor of "political discrimination if necessary." He said that the only group that believed in unity was the group which argued that the group "has rubbed out any argument from the working class."

Mr. Collier further alleged that some representatives of that group were in the hall. Klem Messer, Suburban delegate of the Mine, Mill and Smelter Workers' union, also attacked Mr. Millard's statement. He said that it gave the impression that "the union should be the one to drive the union out of the hall, and flood them out." The union had been threatened thousands of dollars to drive to organize, he said, and asked "do you think we should throw this money overboard?"

Mr. Kidd, however, said that the group was not the CCL executive, but a group of men who were trying to hang us by the back of the neck.

OUT OF BOUNDS
All Jewish sections of the city were ordered out of bounds to troops. Jews warned even British soldiers to stay out of the zone.

Such action, the convention said, would reduce Canada's "dependence on the United States."

The meeting protested action of the Quebec provincial party in its looking the pocket law of 1937 against the British Commonwealth.

Later in the day five British soldiers were killed and six injured when a mine shattered their army truck.

\$7,500,000 Home Building Program Seen Here in 1948

Total of 1,150 Houses Expected To Be Built in Year

Thirty-nine permits for construction of homes were issued Monday by city architect's office to three contractors operating under the provisions of the Dominion integrated housing plan, and 149 building sites were allocated by the city land department to 12 other contractors.

Value of the permits issued was \$2,400,000, and it is estimated the home building projects for which sites have been allocated will total \$1,150,000.

The overall home building program in the city during 1948 will reach a total of 1,150 homes and the value of the construction is estimated at \$7,500,000.

PRESENT OUTLOOK
Present plans call for the construction of 500 homes under the integrated housing plan, the cost of which is estimated at \$5,000,000, at a cost of \$2,000,000, 250 houses will be erected by Central Mortgage and Housing Corporation at a cost of approximately \$1,500,000.

Twenty permits were issued to Henry Kruger for the erection of houses in the 100 block on 137 and 138 streets each costing \$50,000. Two were issued A. Solihovsk for houses each costing \$40,000 on 127 street in the 117 block, and nine to M. Iversen for houses ranging in cost from \$3,000 to \$5,700 and located in the 114 block on 77 street.

Other locations in which integrated houses will be erected are: Park Hill, Lake Park, Park Hill, Donair, Glenora, Strathcona Place, Highlands, Hudson Bay Reserve, and Inglewood.

City Commissioner D. B. Menzies said that between 500 and 600 residential properties had been reserved for allocation to contractors operating under the integrated housing plan, and more than 400 for private builders. The value of the 250 houses to be constructed by the Central Mortgage and Housing Corporation have been allocated.

Canada-U.S. Talks May Determine U.K. Bread Ratio

LONDON, Feb. 23.—(AP)—The New Chronicle's political correspondent said today that talks which "may determine whether our bread ration can be maintained at its present level during the winter ahead" now are under way between Canada and the United States.

"The Canadians require payment in dollars for the wheat which we are due to get from them after the end of March when the present interim grain agreement between Britain and Canada runs out."

"They hope to be able to get the Americans to make dollars available for their most urgent requirements from the United States in the next few months," the correspondent added.

Landscaping Covered Prison Jail Break
ABERDEEN, Mich. Feb. 23.—(AP)—Day after day a prisoner has been lying on his back and enjoying a landscape which he saw from a magazine and put on the jail wall.

Now the prisoner has disappeared. So has the picture of wall which the picture covered.

Man Electrocut Saving Son's Kite
WASHINGTON, Pa. Feb. 23.—(AP)—Charles Burgess, 39-year-old father of eight children, was electrocuted Saturday trying to retrieve his son David's kite from a power line.

Officers said Burgess tied a copper wire around a rock, tied the rock at the kite and held onto the wire. The wire hit the high voltage line and Burgess dropped to the ground. Power service was disrupted more than 30 minutes.

Columbia Students Aid French Village
NEW YORK, Feb. 23.—(AP)—Columbia University students are adopting a French village and a leader of the aid drive is a former pilot who helped build the village in the Second World War. John J. Colgan, 24, former captain in the eighth air force, plotted the village in a bombing attack in the village of Roze, near Bordeaux, early in 1945.

Old Time Wrestler Dies in California
GRASS VALLEY, Calif. Feb. 23.—(AP)—Joseph L. Jefford, 76, died here Friday night after a brief illness. Jefford labored the United States for years as a professional wrestler and boxer, later becoming a trainer. As a trainer he was connected with James J. Corbett and Roy Fitzsimmons, and acted as technical adviser for Jack Dempsey during his fight with Gene Tunney in 1935.

Plans Another Antarctic Trip
ROCHESTER, N.Y. Feb. 23.—(AP)—Rear Admiral Richard E. Byrd said last night that he had filed application for retirement from active duty in the United States navy and planned another Antarctic expedition. Byrd said in an interview that the expedition would be organized as soon as he had finished correlating the scientific results of his 1933-35 voyage to the South Pole.

Awakened Early, Shot Wife, Daughter
AUGUSTA, Ga. Feb. 23.—(AP)—Curry Byrd, 56-year-old night watchman, severely wounded his wife, daughter, attempted to kill his wife and daughter. The woman was awakened in mid-afternoon, police reported. Byrd wounded his wife, daughter, and himself. He was taken to the hospital and then Byrd said his wife and daughter were still alive.

Says Civil War Exists in Yemen

CAIRO, Feb. 23.—(AP)—Abdel Rahman Azzam Pasha, secretary general of the Arab League, said last night a state of civil war exists in Yemen following the death of the kingdom's 82-year-old monarch.

The league, an organization of Middle East states, is taking precautions to prevent any possible foreign intervention, he said.

A plane flying over the country will drop 100 tons of supplies to the population "to be quiet and avoid bloodshed."

Meanwhile, advisers received in Aden said Vahid Hamid, 20, son of the king or imam of Yemen, two of his 16 sons, the premier and a number of government ministers, arrived last Tuesday. Earlier accounts had not fixed the time or the cause of the deaths.

Stall Compromise Trieste Governor
BY RICHARD WITKIN
LAKE SUCCESS, N.Y. Feb. 23.—(AP)—The United States and Great Britain headed off any "hot peace" today in the east-west deadlock over a United Nations governor for Trieste.

They said it would take "much strength of character, determination, and vision" to prevent fighting between pro-Yugoslav and pro-Allied factions once the Anglo-American and Yugoslav nations of the Adriatic port were unified.

The two western powers indicated their fear that such fighting might set in motion a much larger conflict.

College Professors Among Worst Drivers
REMY, Neb. Feb. 23.—(AP)—College professors are among the worst drivers, says Ken McCaw, field representative for the Nebraska State Safety Council.

We find two kinds of poor drivers," he told a college group. "One is the driver who is a former car owner who has sold the car and doesn't read the road signs, and others whose cars are in the latter group. Investigation indicates the professors are the steering wheel permit their thoughts to dwell on matters other than driving."

AINLAY FONDERS BILL TO BAN DAYLIGHT TIME

More than AINLAY while not opposing the daylight saving time bill to be introduced in the legislature at this session, is wondering how the provincial government would enforce the measure against municipalities whose residents oppose voluntarily to adopt daylight saving.

The bill is designed to prohibit daylight saving unless agreement can be made with the provincial government on a uniform adoption of the principle of advancing clocks during the summer months.

Mayor AINLAY also said the trend in the United States appeared to favor waiting municipalities with greater home power powers, while the reverse policy appeared in the making.

Sportsman Makes Ambergir Find
VICTORIA, Feb. 23.—(CP)—Victoria sportsman Max Lohrman yesterday had four pounds of silver and ambergir found in a cave near his home.

He discovered what he thought to be a chunk of charcoal with a river fish embedded in it. He hesitated, then decided the river was ambergir, an extremely valuable substance used in perfume.

Today, Neal M. Carter of the Canadian Fisheries Board confirmed the find. He said it was the second such discovery in the Pacific northwest in the last 15 years of modern high speed passenger design. Of all welded construction, they present the most serious danger.

Newly-designed windows nearly five feet wide give passengers an unobstructed view of the landscape and are equipped with the latest type window blind by means of a new focusing lens.

In addition to the installation of the latest type air conditioning system, each coach is equipped with new air purifying panels.

The coaches are built primarily of low alloy high tensile steel and are in keeping with the requirements of modern high speed passenger design. Of all welded construction, they present the most serious danger.

CNR to Display New Coach Here This Week

The first of 20 new coaches which will go into service on Canadian National trains 1, 2, 3, and 4, is now on exhibition throughout the west. Present plans call for it to go on display at the CNR depot here Thursday.

A new feature in the coaches is the installation of spacious lounges at both ends of the coach. These are equipped with full-length mirrors and glove boxes, and the toilet facilities include wash basins, hand towels, and outlets for electric razors. In addition, there is a lounge at each end of the coach.

Interior Layout
The interior layout of the car provides for two spacious compartments, one for non-smokers and one for smokers. The car is equipped with individual air conditioning, heating, and lighting. The car is also equipped with a new type of window blind.

Man Kills Howling Dog Inhumane Way; Fined \$20

Manchuria Reds Cut Penki Railway
PEKING, Feb. 23.—(AP)—Victory-lashed Manchuria Chinese today cut the railway to Penki (Peanku), a major source of coal for Mukden, which shivered with cold and apprehension.

Chinese government dispatches acknowledged fighting at several points on the 35-mile rail leading from Penki to Mukden.

The Communist attackers were described as part of the force which three days ago took Anshan, steel mill city 50 miles South of Mukden.

With Anshan lost and Penki cut off, the only remaining producer of coal and electricity for Mukden was Fushun, 20 miles to the East. Pro-government correspondents predicted it was next on the Red attack list.

Fushun's fall would complete the Communist blockade of Mukden, whose population of more than 3,000,000 already faces serious food shortages.

Friendship Talks Are Deadlocked
WARSAW, Feb. 23.—(AP)—Foreign Minister Zygmunt Modzelewski said Saturday that talks with France about a new treaty of friendship and mutual assistance between the two countries had reached a deadlock. He told a press conference Poland wants to sign a pact providing for a new treaty of friendship and mutual assistance between the two countries.

Modzelewski said that the talks with France about a new treaty of friendship and mutual assistance between the two countries had reached a deadlock. He told a press conference Poland wants to sign a pact providing for a new treaty of friendship and mutual assistance between the two countries.

Bootleg Mining Once More Booms In Cape Breton

Outbreak of Unemployment Brings Return of Old Practice

GLACE BAY, N.S., Feb. 23.—(CP)—Bootleg mining, for generations a barometer of industrial strife and depression in the Cape Breton soft coal belt, again is booming.

But this time it is a mark of both prosperity and unemployment.

Although the coal industry is operating at capacity, Cape Breton Island with 4,600 jobs is one of the worst pockets of unemployment in Canada and unemployed miners and others have found bootleg mining a profitable business.

Scores of bootleg pits, reopened during the 1947 Maritime coal strike, are doing a thriving business and it was reported Saturday that plans are being made by sellers to seal them with dynamite.

During the last month police have moved to sweep illegally-mined coal from the highways. Scores of truckmen have been fined and their coal seized.

The war against bootleg mining is as old as the coal industry itself. During the 1909 strike, when the United Mine workers staged a successful 18-month struggle for recognition, bootleg pits were opened by striking miners.

In the strikes of 1922, '24 and '25, bootleg mining was carried on without interference from company police or the militia, called out during each of the three labor disputes.

During the depression years of the last decade bootleg mining again became a thriving business.

The end of the depression, combined with a police drive, effectively halted operations.

The Nova Scotia government then passed legislation making bootleg mining illegal, whether on one's own land or not.

All land rights stipulate the holder has the right only to surface the land. The subterranean workings are under lease by the province to the coal companies. Consequently opening its bootleg pits usually are hidden by being driven through the floors or barns of outbuildings.

Dr. Miller described the test as "electrotherapy," a process which causes proteins to migrate to the negative and positive electrodes under the influence of an electric current.

He said the patient had been examined by X-ray and cancer was not indicated.

USED CAR MIRT BUBBLE PIERCED

WINNIPEG, Feb. 23.—(CP)—The Winnipeg Free Press said today in a newspaper story that a survey of dealers indicated that "the bottom is due to drop out of the inflated price bucket of the used car market soon."

Dealers were reported to have said that buyers were rushing into a lack of demand for used cars and that many cars were being offered at prices which did not adhere to a scale rigidly observed only a year or two ago.

The paper said buyer resistance had increased because "money was not as plentiful as in the last few years and more new cars were available."

SOVIET IN CONSTANT WAR PREPAREDNESS

LONDON, Feb. 23.—(AP)—Marshal Nikolai A. Bulganin, Russia's minister of armed forces, said last night that the world situation compels the Soviet Union to live "in constant fighting preparedness," Moscow radio reported.

Bulganin told the Soviet nation that "so long as Imperialism exists, there remains a danger of attack on our country."

His message was an order of the day marking tomorrow's 30th anniversary of the Soviet Army and Navy's founding. It was reported by Tass Agency and a broadcast of the dispatch was heard here.

The message, which gave Russia sole credit for the defeat of both Germany and Japan, warned Russians against "tranquility, complacency or conceit in our ranks."

"The Soviet Union," he said, "is firmly pursuing its peace-loving foreign policy, marching in the vanguard of the progressive forces fighting for a firm and enduring democratic peace, for the security of nations."

STREAKING THROUGH the sky at approximately 450 miles per hour is the RCAF's latest fighter plane, the Vampire jet propelled fighter, which went through its paces at a special demonstration held recently at Rockcliffe air station, near Ottawa. Cabinet officials, members of the House of Commons and the Senate, and high ranking officers of the three Armed Forces and government officials saw the Vampire perform, together with two other recent acquisitions by the RCAF, the North Star transport and the Sikorsky HO4 helicopter. Eighty-five of the Vampires are on order for the RCAF, and are to be used both by the Regular Air Force and the Auxiliary. (RCAF Photo).

HUMAN BLOOD TEST DETECTS DISEASE

Report Mice Are Immunized Against Some Forms of Cancer

PHILADELPHIA, Feb. 23.—(AP)—Mice have been immunized against some forms of cancer, Lankenau Hospital's institute for cancer research disclosed Saturday.

A human blood test to detect the disease has worked in at least one case.

The developments in fighting the second most deadly disease in the United States were reported as the American Cancer Society gave the institute \$10,000 for research directed toward a cure.

The immunization work has been done with bacterial polysaccharides—a group of starches—the institute said.

It also disclosed it has been experimenting with tetraferri, a folie acid derivative which has growth control powers.

Both polysaccharides and tetraferri are said to have growth control powers.

HAROLD DEAN

VERN CALLAHAN and Bob Coughlin, battlemates for South Side Athletics Association's entry in the City Junior Baseball League a year ago, leave by plane today for California, having been asked to report to San Francisco Seals.

Callahan, now 19 years of age, resides at 11299 99 Avenue. He was one of the top pitchers in the junior circuit last summer, while Coughlin's home is in Lougheed. Bob, 20 years old, powdered the apple with a big, being close to 200, and possesses a good throwing arm.

"These two are the first juniors to leave Edmonton for training camps this year, but it is expected Dick Lowe of the Maple Leafs, will soon be on the move too. Dick is Brooklyn Dodger property.

Journey south for the two boys fulfills an undertaking made early last year, that the club would send them for a couple of the boys to make the trip to the Seals' camp. The pleasing part, though, according to Walter Aldridge, coach of the junior squad, is the Seals are providing the transportation.

"The wire from Damon Miller, of the Pacific Coast League Club, just in that was that 'reservations already having been made. Don Walter, another South Side pitcher, had been recommended, but he had to pass up the chance, not being able to make the trip.

"I DON'T know what I'm going to do next," said Riley Mullen, manager and coach of Ponoka Stampede, over the phone Sunday night. "Neither of the officials turned up for the game with the visiting Cloverdale team from Edmonton and so I just had to take the job on myself."

Riley has managed, coached, played defense and even scored goals for his club this winter.

Riley, who handled the Edmonton Flyers last season, thinks his club has a fifty-fifty chance with Red Deer Juniors in the Central Alberta League playoff which opens at Red Deer tonight.

CLIFF, oldest of the hockey-playing Kilburns, is looking after the net for the Kimberley 67's this year. Cliff went to the Memorial Cup final with the Edmonton Athletic Club in 1937 and has resided at Kimberley since doing his stint during.

Jimmy, next to Cliff, is a defenceman with Frank Coulson's Waterloo Mercury intermediates and is a very promising junior, has been cutting a wide swath with Wetaskiwin Canadians. Saturday night he came up with his usual quota of goals and assists. Youngest of the bunch, member EAC juniors and likely to go a long way in hockey, seems to be so devoted.

It might be just a coincidence, but Cliff, oldest of the brothers set the pattern for the family. He started in goal and both Jimmy and Colin followed suit. Jimmy eventually moved out to a defenceman position with Canadians and stayed there, and Colin, who began in goal for South Side, moved up front where there was more action. He's been at left wing ever since, last year.

MARCOUS CAST BEARS TO HOCKEY SIDELINES

CAMROSE, Feb. 23.—Camrouse, sparked by rugged Joe Vostehack, who scored once and helped on three others, zoomed into the final for the Northern Intermediate "A" Hockey League title Saturday night when they dumped Calgary Golden Hawks 7-2 in the second of a two-game final point semi-final series.

Coach Dean Grant and his smothering Maroons, who had 14-5, having won the first match in Edmonton last week 7-0, and a second victory, 4-2, in a 2-2 start, Camrouse will now meet Wetaskiwin Canadians for the championship at a later date.

THE HOMESTERS scored into 24 minutes in the opening round, matched Vostehack's two markers in the second, and then rattled home three consecutive tallies in the final.

Vostehack scored off with the night's scoring bonus with four points, while Cliff, Mullen and close behind with two goals and two assists. Other notable scorers for the Camrouse were Max McLean, Jim Hall, Dave Grant and Tony Hawk. Jim Fleming was the "five ball" for the losers, netting both Red Deer tallies.

A STIFF BREEZE and frigid weather prevented the skiers from establishing new records, but a crowd of close to 7,000 spectators flocked to a thrilling show at the star-studded Wetaskiwin ski meet at the end of the week. Above Pete Bjornson, who won the title, is shown winning the special event—long standing jump—after finishing in a tie with Gummars Assen of Carleton Place. They each leaped 143 feet. Below is Dan, member EAC juniors and likely to go a long way in hockey, seems to be so devoted.

Edmonton Skiers Take Legion Takes Lead In Billiard Meet

BANFF, Feb. 23.—(CP)—The city of Edmonton won both the men's and women's trophies in the annual inter-city ski meet held at Banff yesterday. Calgary won both events in the first running of the meet last year.

Combined totals of the four fastest skiers from each city gave Edmonton a lead of 8:47.45, while the men's event with 15.15 in the women's event, Shirley Shipley of Edmonton placed first with a time of 1:24.45 for the two runs, while Mary Clarke, also from Edmonton, was second with 1:38.23.

THE COMBINED time of Bob Sutherland, Clarence Haskett, Johnny Gills and Jerry Proffitt gave Edmonton a lead of 8:47.45, while the men's event with 15.15 in the women's event, Shirley Shipley of Edmonton placed first with a time of 1:24.45 for the two runs, while Mary Clarke, also from Edmonton, was second with 1:38.23.

Pete Bjornson Cops Crown. In Northern Ski Jumping

BUNKALL'S 148-FOOT LEAP BEST OF MEET

Like hockey to the Canadians, skiing just comes naturally to the Norwegians.

For instance, Pete Bjornson buckled on his first pair of skis when he was still wearing knickers and he was a mere nine-years-of-age when he won his first prize in a tournament.

North Alberta Skiing Results

Following are the results of the Northern Alberta ski-jumping championships.

CLASS A
1.—Pete Bjornson, Edmonton, 274 points.
2.—Gunnar Assen, Carleton Place, 264 points.
3.—L. L. Hamilton, Carleton Place, 260 points.
4.—L. L. Hamilton, Carleton Place, 260 points.
5.—L. L. Hamilton, Carleton Place, 260 points.

CLASS B
1.—Alf Bunkall, Edmonton, 226 points.
2.—Alf Bunkall, Edmonton, 226 points.
3.—Alf Bunkall, Edmonton, 226 points.
4.—Alf Bunkall, Edmonton, 226 points.
5.—Alf Bunkall, Edmonton, 226 points.

CLASS C (Junior)
1.—Harold Brown, Edmonton, 200 points.
2.—Harold Brown, Edmonton, 200 points.
3.—Harold Brown, Edmonton, 200 points.
4.—Harold Brown, Edmonton, 200 points.
5.—Harold Brown, Edmonton, 200 points.

Sacred Heart Cops Two Hockey Titles

Sacred Heart Junior and senior societies capped a successful puck season Saturday afternoon when they captured Superior School honors in their respective divisions.

A final playoff doubleheader at the Edmonton arena.

The junior skied off with the puck by crushing St. Andrew's 5-1, and in the curtain-dropper, the seniors skied off with the puck by crushing St. Andrew's 5-1.

MELVIN GREGOR was the sniping ace for the junior winners, while in the seniors, Don Duggan, Frank Duggan and Jerry Karpis were the sniping aces.

How They Stand

WESTERN SENIOR
1.—St. Andrew's, 10 points.
2.—St. Andrew's, 10 points.
3.—St. Andrew's, 10 points.
4.—St. Andrew's, 10 points.
5.—St. Andrew's, 10 points.

NATIONAL LEAGUE
1.—St. Andrew's, 10 points.
2.—St. Andrew's, 10 points.
3.—St. Andrew's, 10 points.
4.—St. Andrew's, 10 points.
5.—St. Andrew's, 10 points.

Canadian Leaves For Blind Tourney

TORONTO, Feb. 23.—CP—William J. McGee, blind Canadian, who has been blind since he was 10, is leaving for Los Angeles, where he will compete in the March 5-7 international tournament sponsored by the Blind Activities and Recreation in the United States.

OPTIMIST CLUB RINK BAGS SERVICE FINAL

Optimist Club curlers skipped by A. Gregory won the primary event of the annual Service Club bonspiel, which was sponsored by Associated Canadian Travelers, at the Curling Club on Saturday night.

Junior Chamber of Commerce won the secondary event, while the LTC curlers were defeated by the LTC curlers.

Agary's Stamps Close on Regina With Quaker Win

McDonald Trio Sets Hot Pace With Total of 11 Scoring Points

CALGARY, Feb. 23. — (CP) — Calgary Stampeder moved within a single game of the pace-setting Regina Capitals Saturday night as they trounced the cellar-dwelling Saskatoon Quakers 9-1 in a Western Canada Senior Hockey League contest.

Paced by the Bitch McDonald, who collected four goals and amassed 11 individual scoring points, Stampeder brought scores of approval from some 3,500 fans as they moved into the lead in less than three minutes of play and were never headed in the scramble game.

STAN DEVICQ turned in a bustling performance for Stampeder, writing up four goals by his teammates—two by Bitch McDonald and two by Calley, Doug Grant and Ken Macaulay, picked up the third goal for the Stampeder.

After Penz, who tallied the lone Quaker goal, turned in a brilliant performance and was the only Quaker showing much fight around the net where Russ Dettell, his constant form to kick out of the net.

QUAKERS USED fast-breaking, pass-flacking tactics to keep Stampeder from getting going, but they failed to follow up with any offensive of their own. Stampeder goalie Ken Macaulay performed excellently, making 20 saves and was well beaten on the six that ended him. He suffered a bruise on his right leg and the game was delayed five minutes when he was injured.

He returned to finish the game.

QUAKERS opened the scoring when he raced through the Quakers defense, forced Macaulay to kick out the puck to the corner in the first three minutes of play. Devicq then scored on the rebound for the second Stampeder, passing to McDonald who pushed the rubber into the net.

QUAKERS pushed Stampeder back to the net.

FATE STRUCK A CRUEL BLOW TO Doug Bumsted, one of Edmonton's outstanding young skiers, a couple of days before the Northern Alberta meet.

Doug was training diligently for the event when his skis stuck, spread and fractured his left ankle. Doug was fed up as low as a carpet when the others were out "flying" for titles yesterday, but he made himself useful by handing the tickets to the banquet in the evening.

Two years ago Doug won the long standing jump in Canmore and finished well in the tourney. He admitted he was "disgusted," but would be out "in full blast next year."

However, Doug doesn't look too unhappy as he congratulates Alf Hunt for his fine double jump in the above picture. Alf won the B class championship and made the longest jump of the day—145 feet. Doug is shown resting his broken limb on Alf's knee.

Ed Bush Sets New Scoring Records

PHILADELPHIA, Feb. 23. — (CP) — Big Eddie Bush became the American Hockey League's top scoring defenceman Saturday night as he fired a goal and assisted on another to lead Philadelphia Flyers to a 4-2 win over Indianapolis Capitals and boost his totals to 23 goals and 56 points for the season.

Johnny Mahaffey, Orville Waldorf and Phil Hergesheimer were the Flyers' top scorers, each with two goals and three assists.
